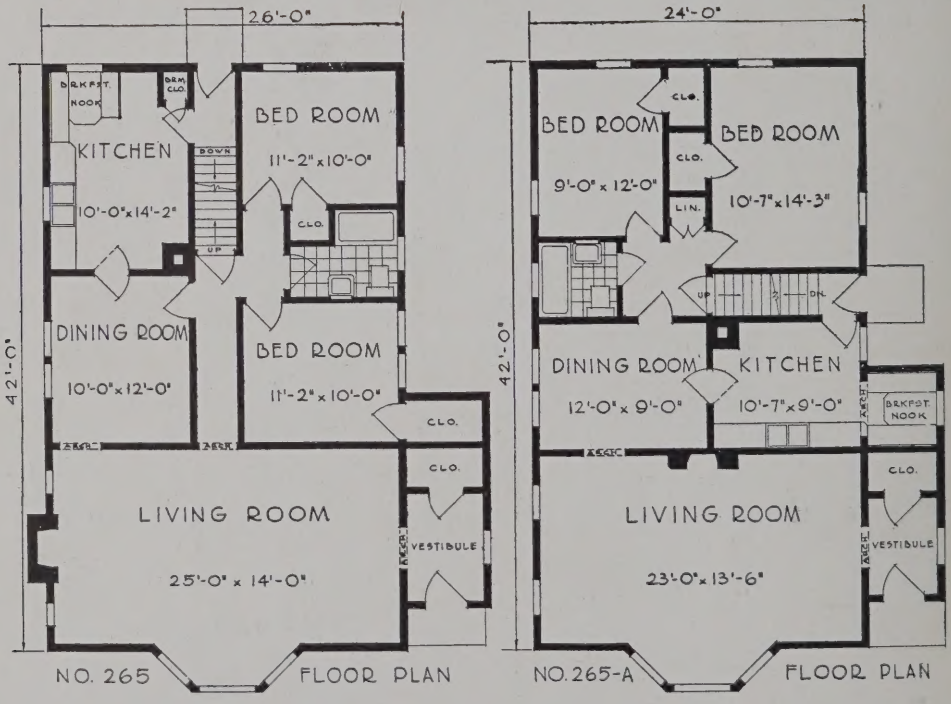
Design No. 265

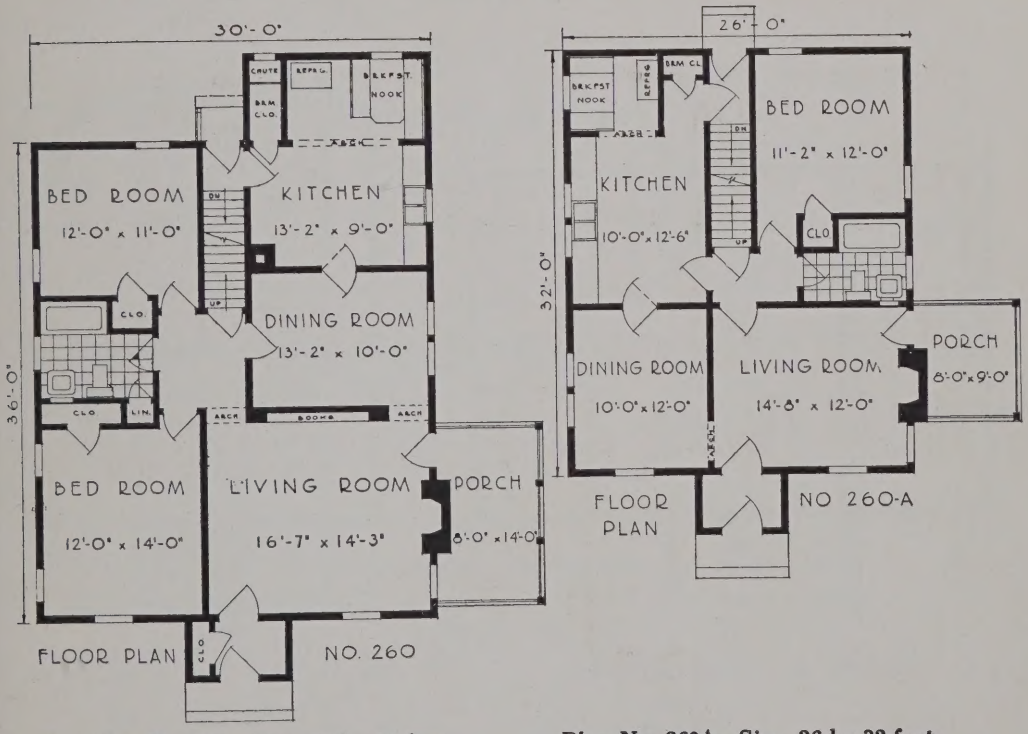


Plan No. 265—Size, 26 by 42 feet.

Plan No. 265A—Size, 24 by 42 feet.

THE artistic bay window and shingled exterior walls give this distinctive type bungalow a very pleasing effect. Entrance is made through vestibule into large well-lighted living room with fireplace and plaster arch openings into dining room and center hall, connecting all rooms with bath and having stairway leading to second floor where abundant space is available for additional closet space and storage. The kitchen has a cabinet with two-tray sink, chimney for range, breakfast nook and door to rear entry leading to basement and outdoors. Seven-foot basement under entire house with space for large recreation room. Hot water or a warm air heating system may be used. Ceiling height, 8 feet 3 inches.

Design No. 260

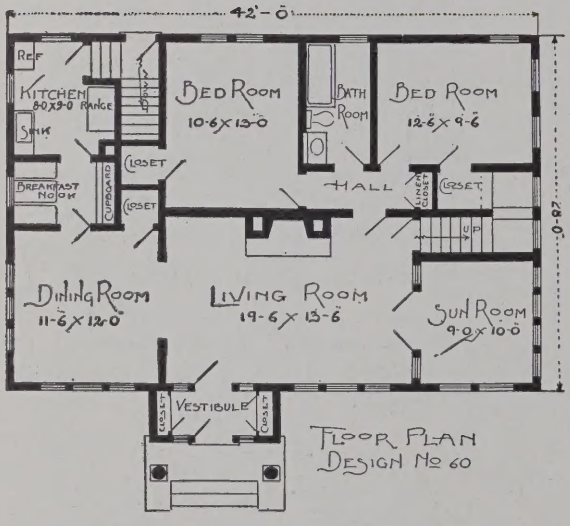


Plan No. 260—Size, 30 by 36 feet.

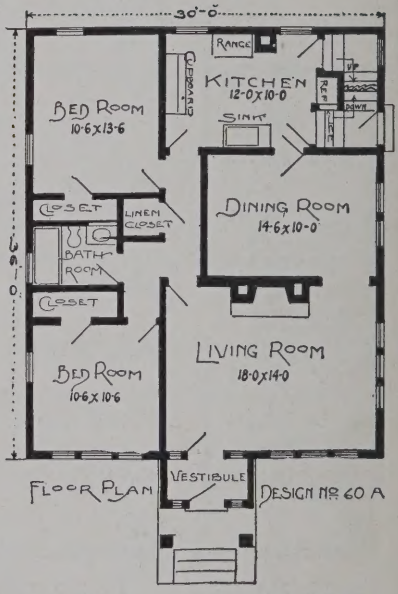
Plan No. 260A—Size, 26 by 32 feet.

THIS thoroughly modern new-style bungalow has a commanding appearance which combines stability and individuality. A brick water table extends around entire house with siding above. In each plan, entrance is made through vestibule into well-proportioned living room with fireplace and door leading to porch. The small center hall connects all rooms except kitchen and has a stairway leading to second floor where ample space is provided for two extra rooms and bath. The kitchen has a cabinet with two-tray sink, chimney for range, breakfast nook, refrigerator space, broom closet and door to rear entry leading to basement and outdoors. Seven-foot basement under entire house with all conveniences including space for recreation room. Hot water or a warm air heating system may be used. Ceiling height, 8 feet 3 inches.

Design No. 60



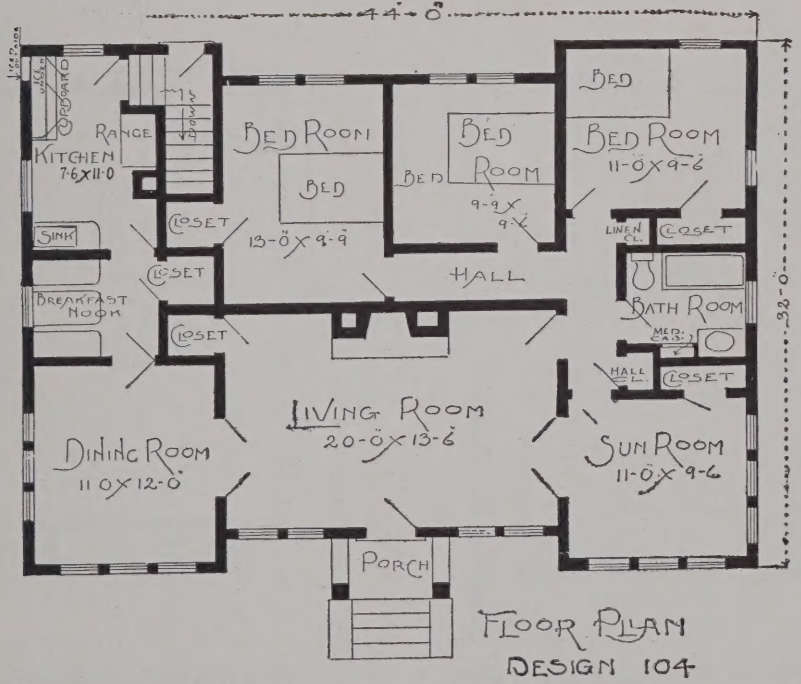
Plan No. 60—Size, 42 by 28 feet.



Plan No. 60A—Size, 30 by 36 feet.

THIS unique and distinctive style bungalow, designed similar to the English Colonial type, has a very palatial and homelike interior arrangement, combining many features found in the larger and more expensive homes. A stairway to second floor is provided for in each plan, where two good size rooms can be finished when desired. The kitchen has a cupboard, chimney for range, and door to grade entry, leading to basement and outdoors. A 12-inch smooth troweled water table extends around house, with lap siding above. Seven foot basement under entire house, fitted with laundry tubs, storage room, vegetable cellar and dust proof coal bin. Hot water or hot air may be used for heating. Ceiling height, 9 feet.

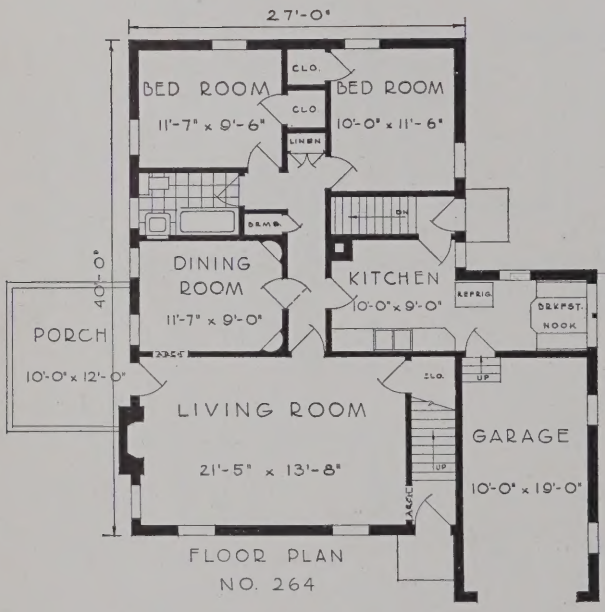
Design No. 104



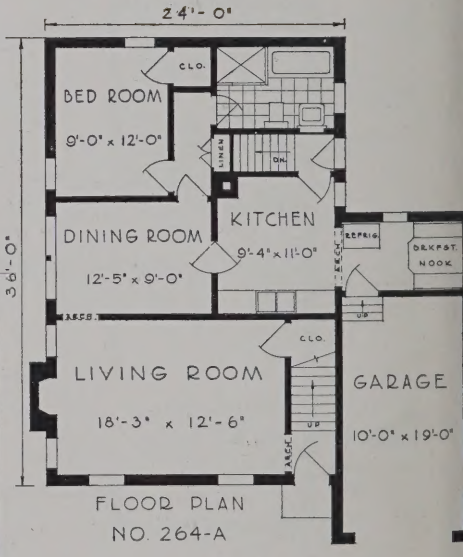
Plan No. 104—Size, 44 by 32 feet.

THIS unusual type bungalow is 44 feet in width by 32 feet in depth. The interior arrangement of this home is exceptionally complete, every modern convenience having been provided for. The large living room in center of house, with fireplace, and French doors on either side, leading into sun room and to dining room, presents a most palatial appearance. This bungalow is capable of accommodating a large family, as the sun room, having clothes closet, and access to hall, can be utilized as an additional bed room. A 12-inch smooth troweled water table extends around house, with lap siding above. Seven foot basement under entire house, fitted with laundry tubs, vegetable cellar and dust proof coal bin. Hot water or hot air may be used for heating. Ceiling height, 9 feet, 3 inches.

Design No. 264



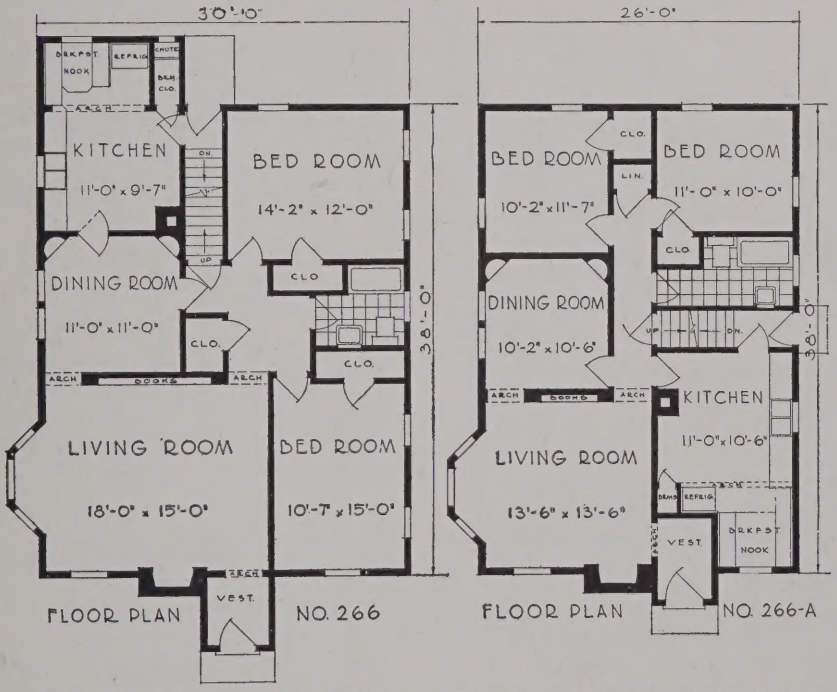
Plan No. 264—Size, 27 by 40 feet.



Plan No. 264A—Size, 24 by 36 feet.

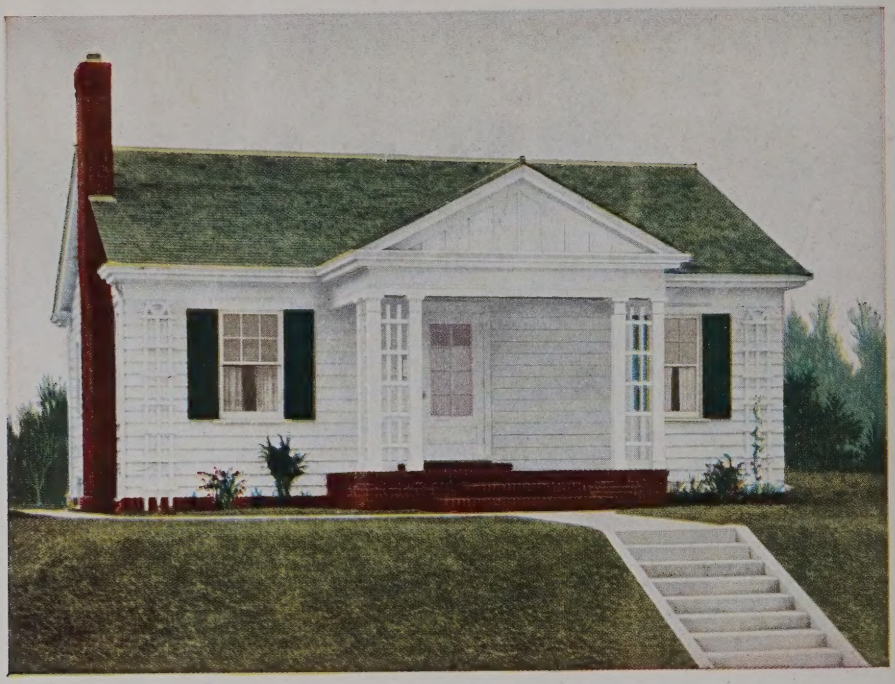
THIS Cape Cod style bungalow is a very popular design and extremely attractive. The exterior walls are of common brick (buff color). If desired, white common brick will be just as effective. The vestibule has a stairway leading to second floor and plaster arch opening into spacious well-lighted living room with fireplace and arch opening into dining room. The center hall connects every room with bath. The kitchen has a cabinet with two-tray sink, chimney for range, refrigerator space and breakfast room adjoining with door leading to garage. Space is provided on second floor for two good size rooms and bath. Seven-foot basement under entire house with space for recreation room. Hot water or a warm air heating system may be used. Ceiling height, 8 feet 3 inches.

Design No. 266

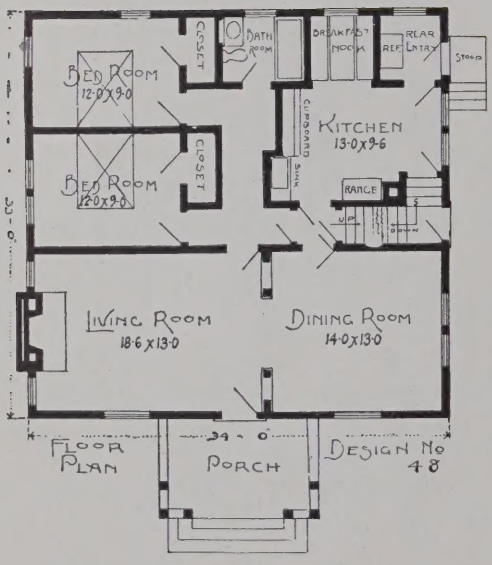


Plan No. 266—Size, 30 by 38 feet. **Plan No. 266A—Size, 26 by 38 feet.**

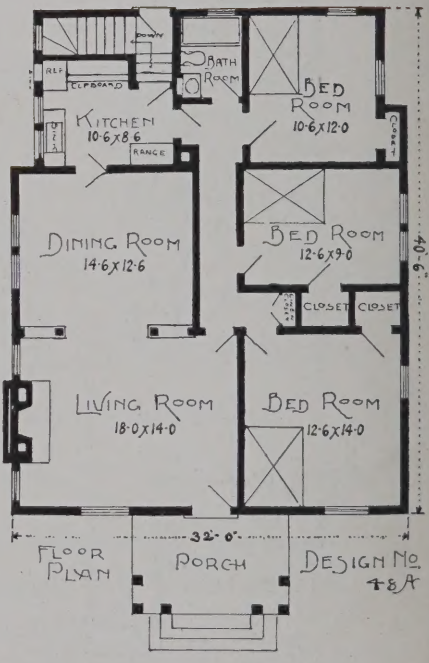
THE double gable effect, including projected vestibule entrance, and front fireplace chimney produces a very pleasing exterior. Exterior walls are of siding. Entry is made through vestibule into spacious living room having fireplace, bay window and plaster arch openings into dining room and center hall, between which is a recessed arched opening with open book shelves. The dining room has two corner-arch recessed openings with open shelves for ornamental pieces. The center hall connects all rooms and has stairway leading to second floor where ample space is available to finish two extra rooms and bath. The kitchen has a cabinet with two-tray sink, chimney for range, breakfast nook, broom closet, refrigerator space and door to rear entry leading to basement and outdoors. Seven-foot basement under entire house with space for large recreation room. Hot water or a warm air heating system may be used. Ceiling height, 8 feet 3 inches.



Design No. 48



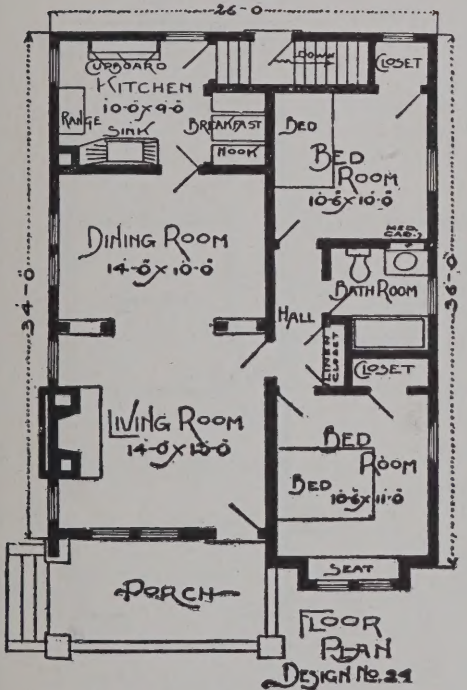
Plan No. 48—Size, 34 by 33 feet.



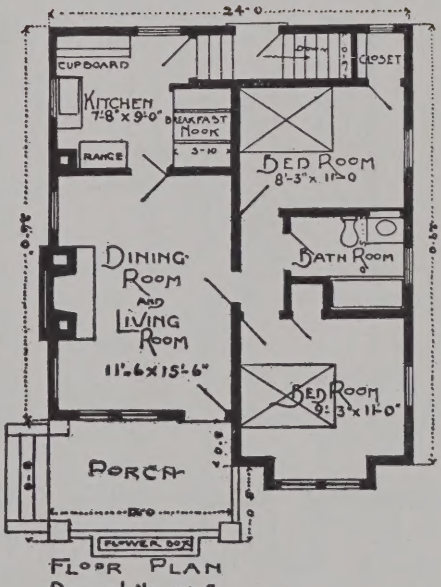
Plan No. 48A—Size, 32 by 40 feet, 6 inches.

THIS Colonial style bungalow, while simple and economical to construct, has a very striking design and presents a cozy and homelike appearance. A choice of floor plan arrangements is provided, each plan being very compact, with every inch of space utilized. A very small center hall connects all chambers, living room, kitchen and bath room. The kitchen has a cupboard, chimney for range, and stairway to attic. A brick water table extends around house with lap siding above. Full seven foot basement, equipped with laundry tubs, vegetable cellar and dust proof coal bin. Hot water or hot air may be used for heating. Ceiling height, 9 feet.

Design No. 24

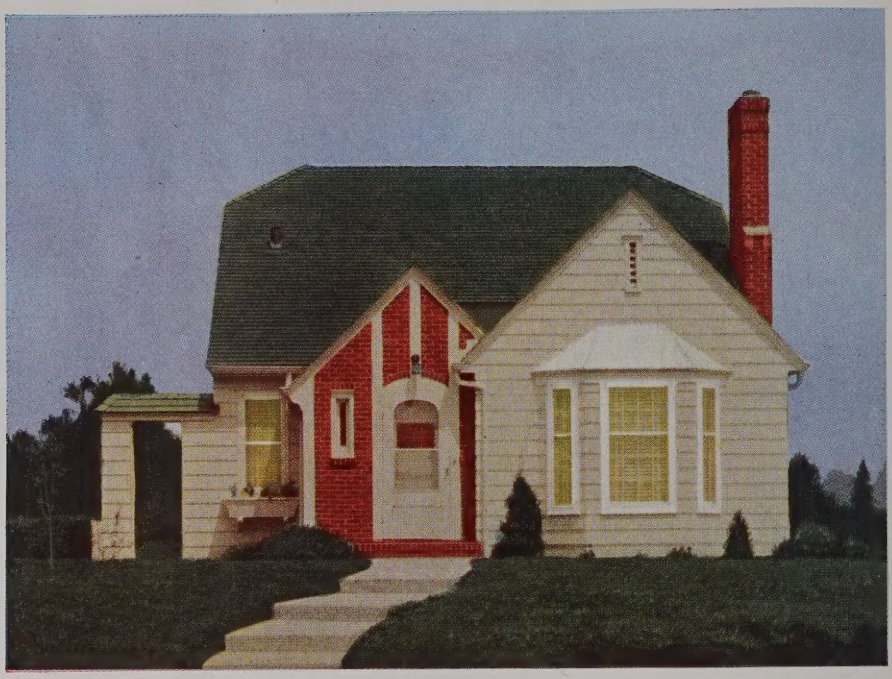


Plan No. 24—Size, 24 by 34 feet.

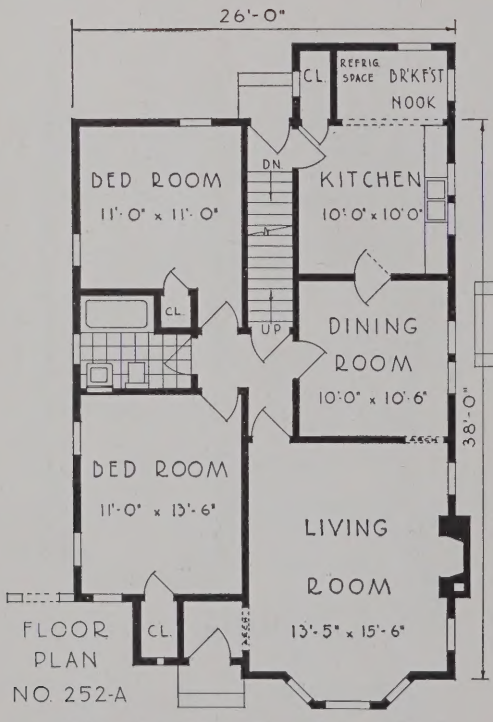


Plan No. 24A—Size, 24 by 26 feet.

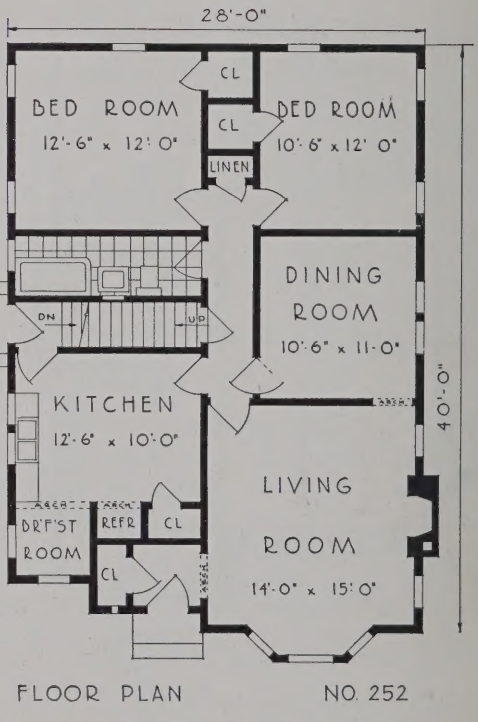
THIS individual type, California style bungalow, planned in two sizes, is extremely simple in construction but still has a very unique and inviting appearance. The interior arrangements are very practical and conveniently planned. The kitchen in each plan is provided with breakfast nook, chimney for range, cupboard, and door to grade entry, leading to basement and outdoors. An 8-inch smooth troweled water table extends around entire house, with lap siding to under side of windows and shingles above. Full basement under entire house, fitted with laundry tubs, vegetable cellar and dust proof coal bin. Hot water or hot air may be used for heating. Ceiling height, 9 feet.



Design No. 252



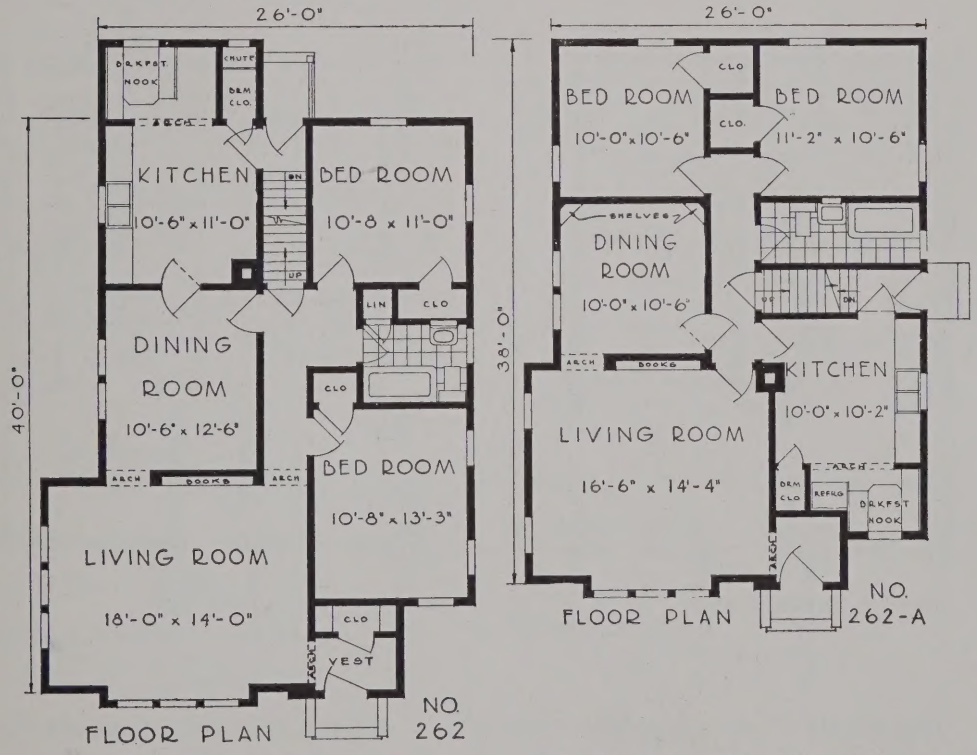
Plan No. 252A—Size, 26 by 38 feet.



Plan No. 252—Size, 28 by 40 feet.

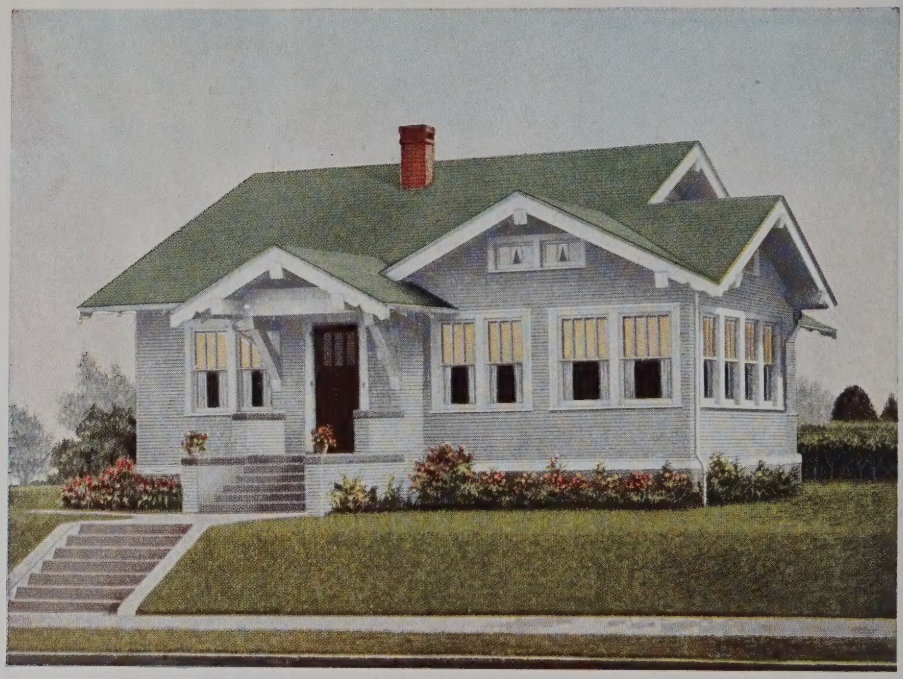
WITH face brick covering front vestibule wall, artistic bay window projection and double gable effect, this new style bungalow has a very unique and distinctive style and the appearance of being much more expensive than it really is. The exterior walls are covered with siding. In one plan the kitchen is in front of house; an arrangement preferred by many in present-day planning. The vestibule has a coat closet and arch opening into living room which is of good size with fireplace and arch opening into dining room. The small center hall connects all rooms and has a stairway leading to second floor where two additional bed rooms may be arranged. The kitchen has a cabinet, with two-tray sink in center, breakfast nook, refrigerator space, broom closet, and door to rear entry leading to basement and outdoors. Seven-foot basement under entire house with space for large recreation room with fireplace. Hot water or a warm air system may be used for heating. Ceiling height, 8 feet 3 inches.

Design No. 262

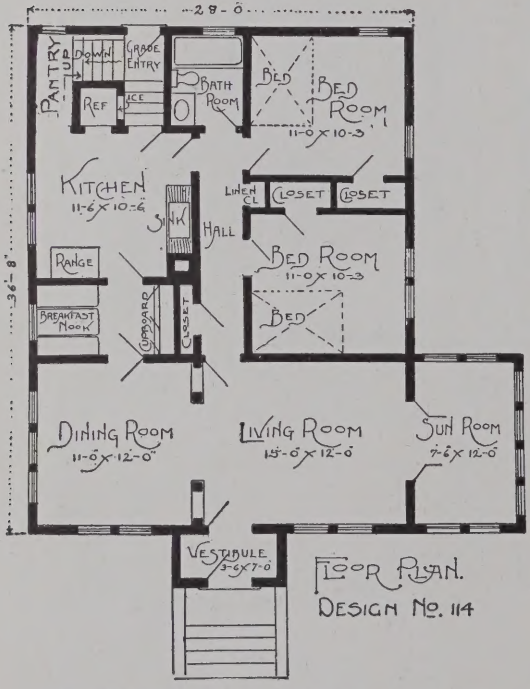


Plan No. 262—Size, 26 by 40 feet. **Plan No. 262A—Size, 26 by 38 feet.**

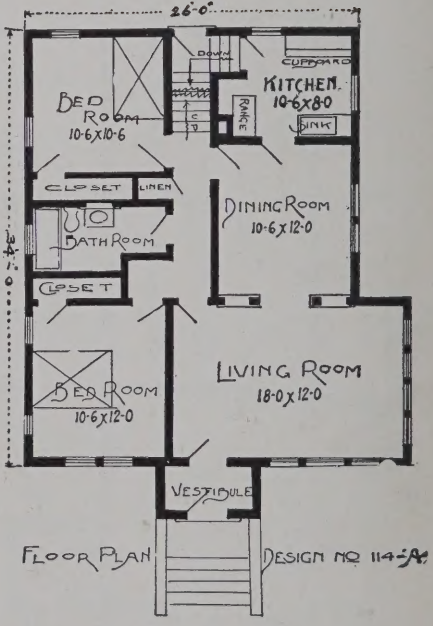
THE exterior design of this bungalow is very artistic and distinctive and embodies a very cozy and compact interior arrangement. Each plan has a vestibule entrance with plaster arch opening into spacious well-lighted living room and arched openings to dining room and center hall, between which is an arched recess with open book shelves. The center hall connects all rooms and has a stairway leading to second floor where space is available for an additional room and ample storage space. The kitchen has a cabinet with two-tray sink, chimney for range, breakfast nook, refrigerator space, broom closet and door to rear entry leading to basement and outdoors. Seven-foot basement under entire house, with all conveniences. Ceiling height, 8 feet 3 inches.



Design No. 114

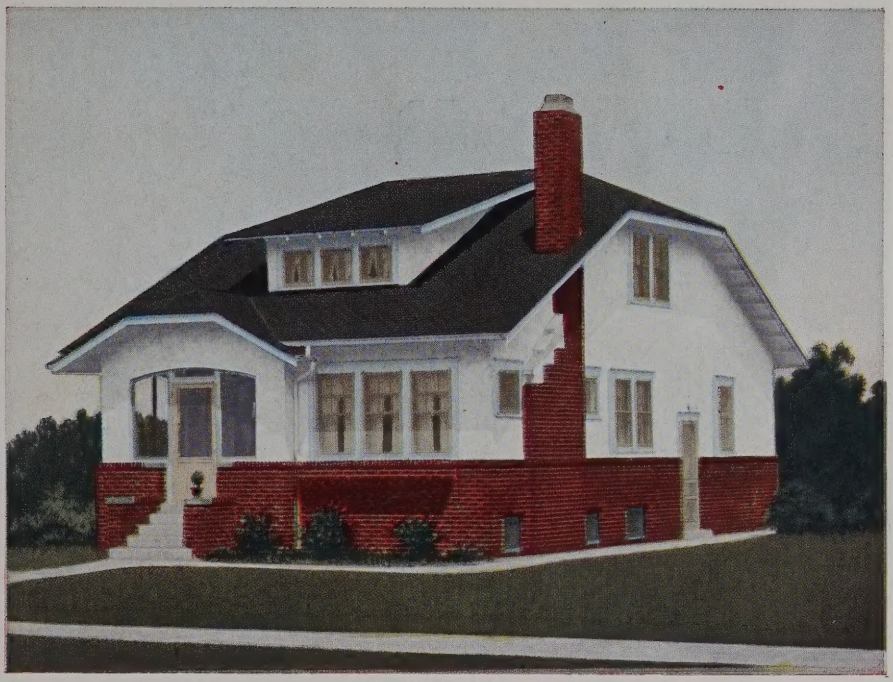


Plan No. 114—Size, 28 by 36 feet, 8 inches.

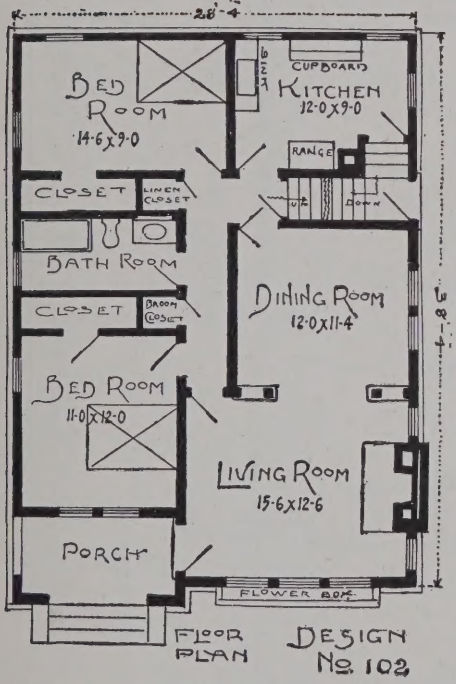


Plan No. 114A—Size, 26 by 34 feet.

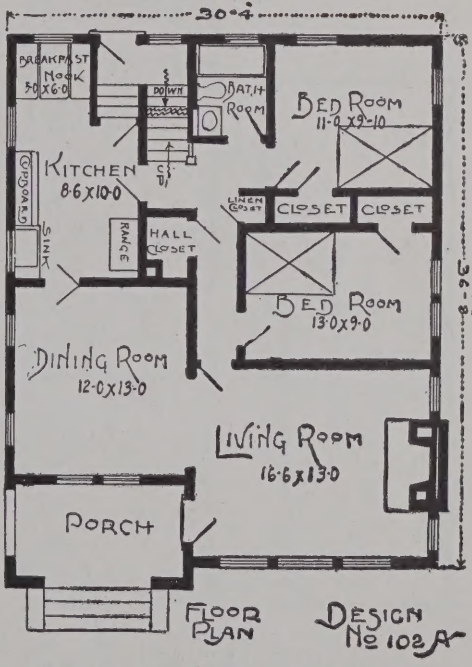
THE exterior design of this bungalow is a decided departure from the usual type and has very graceful lines and a comfy homelike appearance. The interior arrangements are well planned, with every inch of space utilized. In both plans, a stairway to attic is provided, and the small center hall connects all chambers, bath room, kitchen and living room. A 27-inch smooth troweled water table extends around house, with lap siding above. Seven foot basement fitted with laundry tubs, vegetable cellar and coal bin. Hot water or hot air may be used for heating. Ceiling height, 9 feet.



Design No. 102

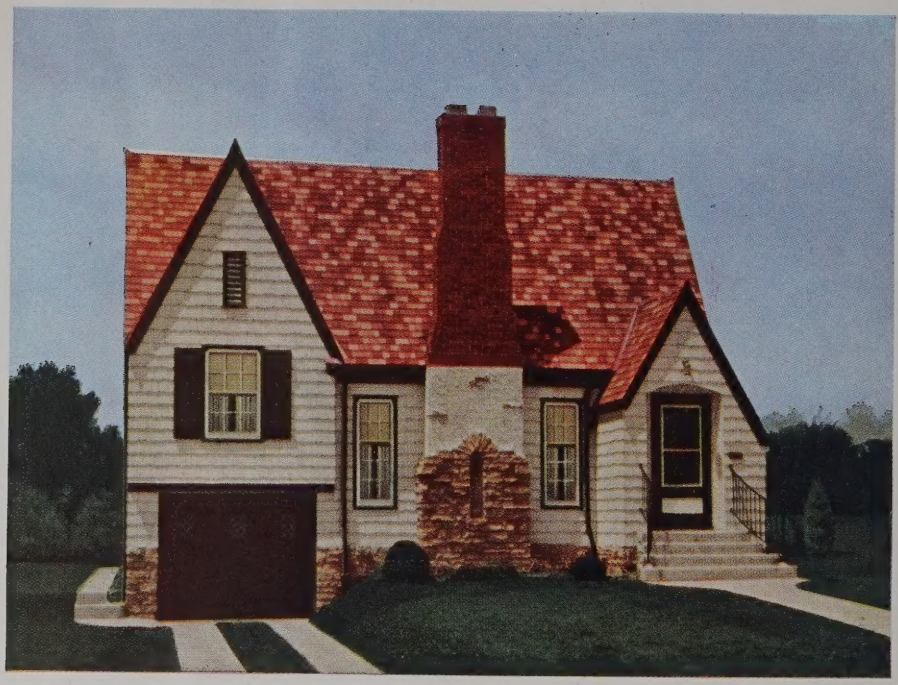


Plan No. 102—Size, 28 by 38 feet.

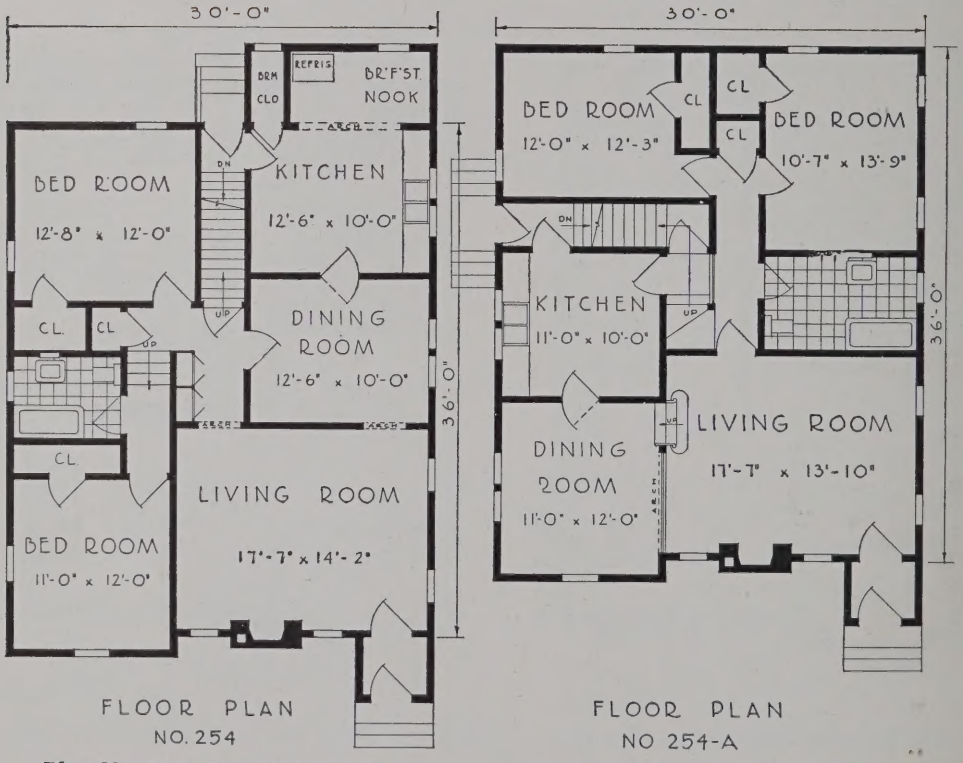


Plan No. 102A—Size, 30 by 36 feet, 6 inches.

THE use of brick from grade to underside of windows and stucco above, produces a very pleasing combination and contributes very materially to the artistic appearance of this bungalow, which is planned in two sizes. The interior arrangements are ideal in every particular with small center hall connecting all rooms in house except dining room. A stairway in hall leads to second floor, which is very roomy, and two good sized rooms can be finished on this floor when desired. Seven foot basement under entire house, fitted with laundry tubs, vegetable cellar and coal bin. Hot water or hot air may be used for heating. Ceiling height, 9 feet.



Design No. 254

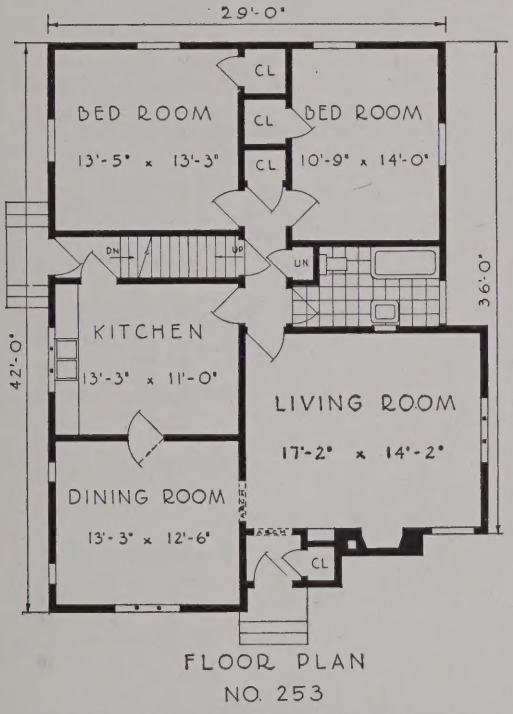


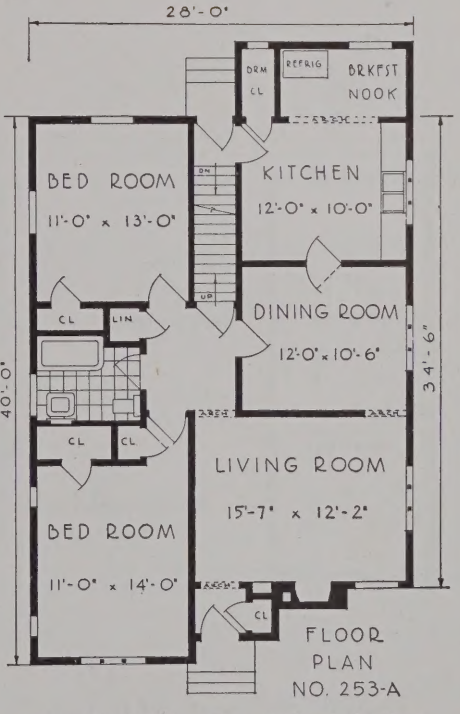
Plan No. 254—Size, 30 by 36 feet.

Plan No. 254A—Size, 30 by 36 feet.

THE feature of this attractive new style bungalow is the provision for garage in front of house proper without sacrificing front room space and light. The rooms above garage in each plan are elevated about two and a half feet above main portion of house with stairs leading to same. In each plan entrance is made through vestibule into spacious well lighted living room having fireplace. In the smaller size plan an artistic stairway with wrought iron rails leads to dining room with an arched opening between the two rooms and low iron grill. The center hall connects all rooms and has a stairway leading to second floor where an additional bed room may be finished. The kitchen has a cabinet with two-tray sink in center and door to rear entry. Ceiling height, 8′ 3″.

Design No. 253



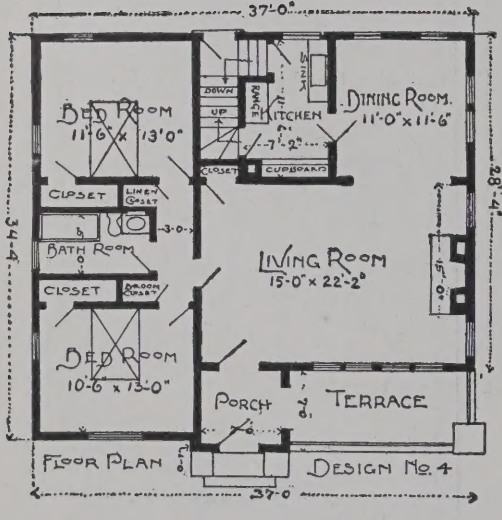


Plan No. 253—Size, 29 by 36 feet.

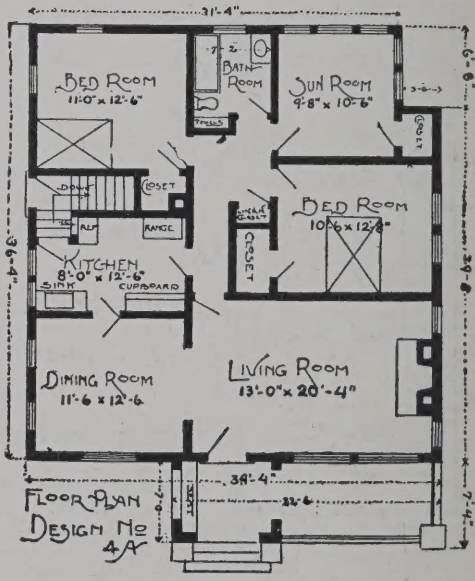
Plan No. 253A—Size, 28 by 34½ feet.

THE double gable, low roof vestibule entrance, and cobblestone chimney, give this distinctive new style bungalow a very pleasing and cozy exterior. The exterior walls are covered with shingles. Entrance is made through vestibule into large well lighted living room having fireplace and plaster arch opening into dining room. The kitchen has a cabinet with two-tray sink in center and is ample in size to provide space for range and refrigerator. The kitchen in smaller size plan has a breakfast nook, refrigerator space and broom closet. In each plan there is a door to rear entry leading to basement and outdoors. The center hall connects all rooms and has a stairway to second floor where two additional rooms may be finished. Seven-foot basement under entire house with space for large recreation room. Hot water or a warm air heating system may be used. Ceiling height, 8 feet 3 inches.

Design No. 4



Plan No. 4—Size, 37 by 34 feet.



Plan No. 4A—Size, 34 by 36 feet.

THIS artistic California stlye bungalow is planned in two sizes. The exterior is very unique and has an inviting and cozy home-like appearance. The interior arrangements are very practical and convenient. The center hall in each plan has a linen closet and connects all chambers and bath room. The kitchen has a cupboard, chimney for range, and door to grade entry, leading to basement and outdoors. The large living room in each plan has an arch opening into dining room.
